## We Support:

### **Voting**

You can vote by mail starting May 1, in person on advance voting days (June 8-13) or in person on election day (June 26). You should receive a Voter Information Card in the mail. Please visit [toronto.ca/elections](http://toronto.ca/elections) for more information, including the location of your voting station.

### **Allowing candidates to canvass in your building**

It is any candidate's right to access potential voters for the purpose of canvassing. This includes knocking on doors, talking to tenants and leaving flyers behind.

### **Putting up election signs inside your home**

Examples include in your window or on your wall.

## Please Avoid:

### **Putting up election signs on your balcony or in common areas of your building**

This is both dangerous and against the law.

### **Sharing personal information you are not comfortable sharing**

This includes with candidates who come to your door, or with anyone else. TSHC will not share tenant lists with candidates or political parties. We respect tenant privacy.
