Cut the clutter

Keep pathways and exits clear

If stacking items, please make sure to stack them low enough that they are not at risk of falling over. Keep a one metre clear pathway to the unit door from the kitchen, bedroom, and balcony (if one exists) to allow for a safe escape in the event of an emergency.

Help is available for tenants would like to reduce the clutter in their units. Contact your Superintendent or call the Tenant Support Centre at 416-945-0800 for more information.
